It is ordered that the said order be published in the DAILY NEVADA STATE JOURNAL, for two consecutive weeks, to-wit:

ORDER—It appearing to the Board of County Commissioners, that heretofore, to-wit: on the 3d day of October, 1881, a petition of the majority of the frontage property owners along the north side of block Q, in the town of Reno, praying an order of this Board for the construction of a plank sidewalk along said block, and that on the 7th day of November, 1881, after due consideration and notice thereof, published in the Plattedealer, a newspaper published in said town of Reno, for the period of two consecutive weeks, and it further appearing that said sidewalk was constructed as per the order of this Board by all the frontage property along said block, except seventy-five feet, to-wit: fifty feet along the front of lots 16 and 17, owned by J. FRIDAY MAY 19, 1892.

A JUST CLAIM.

Messrs. Murphy and Babcock, of the State Board of Examiners, decline to approve the bill of \$3,548 50, allowed by the Board of Insane Commissioners to the contractors. The contractors will ask the Legislature to authorize the payment of their claim, and when the facts are presented, we do not believe there will be any objection to the payment of the claim.

The sum of \$80,000 was appropriated for the building and furnishing of the Asylum. The building, including the \$3,548 50, represents \$83,548 80 of the \$80,000, leaving nearly \$17,000 for the other object. How this money has been expended will be shown to the people immediately after the next meeting of the Board of Commissioners.

Wages in Oregon.

The following is from a circular of the O. R. & N. Co., in answer to one of many questions propounded by intending immigrants: Farm labor, \$1 a day and board; harvest work, \$1 50 per day. On the Sound good wood choppers earn \$40 to \$90 per month. All good hands find work on railroads at following prices: Common labor, \$1 75 to \$2 a day; foreman of gangs, \$75 to \$100 a month; blacksmiths, \$2 50 to \$4 per day; carpenters, \$3 50; track layers, \$2 to \$2 50; team and driver, \$4 50. These figures are intended to apply to the Willamette valley and are equally applicable to southern Oregon. In Jackson and Josephine counties a good many hands are employed in placer mining, the wages generally being 1 50 per day and board.

While according full credit to the Democracy for its effective labor in securing the passage of the Chinese bills, Frank Pixley begs them to remember that "Thomas H. Benton was the first American statesman who announced in the Senate of the United States the desirability of Chinese coming to our coast. Buchanan was the first President of the United States with whom a Chinese treaty was made. Reed, a Democratic Commissioner, was the first to negotiate such a treaty. A Democratic Senate was the first to ratify it. Governor Haight was the first Governor who presided at a civic banquet to celebrate the inauguration of unrestricted Chinese intercourse."

The San Francisco Chronicle states that the California State Immigration Association is in receipt of letters from the Chicago and Northwestern Railway, Castle Garden (New York City) and Iowa, stating that thousands of the descriptive pamphlets have been distributed to immigrants. News from Iowa is to the effect that preparations are being made to forward large numbers of immigrants from that State during the present year. Along the Union Pacific road and branches 100,000 copies of the pamphlet are to be distributed for the purpose of reaching emigrants from Canada.

Governor Perkins, of California, on Wednesday appointed and commissioned as Bank Commissioners, John F. Sheehan of Sacramento, and J. E. Farnum of Oakland, vice Robt. Watt and E. J. Coleman, whose terms expired Tuesday and who have filled the positions for four years past. The other Commissionership is held by Wm. F. White of Santa Cruz and his successor will probably soon be appointed. The term of office is four years. Mr. Farnum, one of the new appointees, served in the Legislature some years ago from Alameda county.

The attempts to create an opposition to the President in the Senate do not meet with great success. Senator Mitchell, of Pennsylvania, in executive session Wednesday, opposed the confirmation of a Collector of Internal Revenue named A. J. Kaufman in his State. He appealed to the Senators to vote against Kaufman, but no charges being made against him, and the basis of opposition being political, Mitchell did not get half a dozen votes.

At least in the South there will be no scarcity of timber for a long time. The forestry statistics, just issued, show that the marketable timber of North Carolina is estimated at 5,229,000,000 feet, broad measure, mostly long-leaved pine. Louisiana still has 26,588,000,000 feet of long-leaved pine. Georgia is credited with 16,778,000,000 feet of short-leaved pine; South Carolina with 5,316,000,000 feet, and Arkansas with 41,315,000,000 feet of short-leaved pine.

To encourage tree-planting along its line the Northern Pacific Railroad offers free transportation of forest trees, tree seed and cuttings, and also offers prizes to those most successful in planting groves. The premiums are free passes over the road to and from St. Paul.

The American Tariff.

Kirk's Guide to the Tariff, for 1892, contains interesting statistics, showing the progress the American tariff is making. In 1879, the number of horses that ran was 1,449; in 1880, 1,727; in 1881, 1,867. The total number of races ran in the United States and Canada was 1,248 in 1879; 1,615 in 1880; and 1,721 in 1881. The total number of horses ran in England, Ireland, France and British Guiana, by American bred horses was 80 in 1879, 142 in 1880 and 184 in 1881. The total amount of money won was \$646,881 60 in 1879, \$800,636 75 in 1880, and \$988,284 75 in 1881. Of the last mentioned amount \$162,479 25 was in England, leaving the winnings on American race courses \$811,935 50. American winnings abroad in 1880 amounted to \$29,654 75, which leaves a balance of home winning for 1880 of \$770,982. For 1882, the amount of prizes offered by the various racing associations in purses and added money promises to be upwards of \$100,000 in excess of that of 1881.

Carson Lectures.

The second of the second series of lectures for the benefit of the Methodist Church, Carson, took place last Tuesday night. The lecturer was Senator J. D. Hammond, whose subject was "Pioneers and Pioneering." Many anecdotes of early California times were told, and many sketches given. The lecturer said the pioneer was the moulder of society. Puritanism made New England and its marks are there yet. Pioneers have just as decidedly made their impress upon this coast, and the Forty-nine characteristics will be continues in our children's children. The last of this series will be given next Tuesday night by Colonel H. G. Shaw, of the Enterprise, who will describe that grand display of heroism known to history as "Scarlett's Three Hundred," the charge of the heavy brigade.

A Good Platform.

The Pennsylvania Greenback platform will be strongly anti-monopoly. The financial plank of the platform will insist that all money be issued by the government. The further resolutions will insist on the right of labor to combine against capital; will say that the public lands should be reserved for actual settlers, and that all grants made to corporations any provisions of which have been violated should be revoked.

Enormous Emigration to the United States.

The Chief of the Bureau of Statistics reports that the total number of immigrants arrived from the principal foreign countries for the ten months ending April 30, was 544,599, as against 445,882 in the same period in 1881. Germany leads in the matter of numbers being 185,000, an increase of over 40,000, as compared with the previous year. The importation from China was—for 1882, 21,899, and for 1881, 6,038.

International Arctic Expeditions.

Both Foreign Committees of Congress are considering the merits of joining those foreign Governments who take an interest in arctic expeditions and in fitting out and maintaining expeditions and supply stations. It is believed that with limited action in this matter some good results may be finally reached in the settlement of the important questions involved.

Los Angeles papers sound the warning that unless Californians are soon up and doing they will find that Chicago, Denver, Kansas City, etc. will have the cream of the Mexican trade.

A Pronounced Candidate.

The Elko Independent of Tuesday says:

M. S. Bonfield of Winnemucca passed through here by the train on Sunday, on his way to attend the meeting of the Supreme Grand Lodge of Good Templars, which assemblies at Charleston, South Carolina, on the 23d of this month; Mac being a Grand Representative from Nevada.

During a conversation while the train lay at the depot, Mac stated that he would be a candidate before the joint Democratic Convention for the position of Judge of the Fourth Judicial District, comprising Elko and Humboldt counties. Judge Bonfield having been a prominent practicing lawyer in Eastern Nevada ever since the white people settled in this part of the country; it requires the services of no newspaper scribe to introduce him to the public in this or any other part of the State. Long years before Washoe had attracted emigration from the western slope, he was a regular practicing lawyer in California, and his extensive legal acquirements, coupled with ripe experience, eminently qualifies him for the position to which he aspires. His consistent adherence to the principles of his party, united with a fitness for the office, justly entitles him to favorable consideration by the nominating convention.

JEWETT ADAMS.

An Attack Upon Him Repelled—His Backbone Too Soft For a Bull-dogging Abner Legislature.

(Cor. Va. Chronicle.)

The Reno Journal recently published a letter from Eureka, over the signature of "Democrat," protesting against the nomination of Jewett W. Adams and assigning reasons therefore which have no existence in fact. His first objection is that Lieutenant-Governor Adams is a third-term. When we recollect that he has never even been a candidate heretofore for the office of Governor, this objection seems childish. It simply means that when a man has held a subordinate office for two terms he is excluded from being a candidate for any other official position. "Democrat" makes another charge, which, if true, would amount to something, but unfortunately for the Captain there is not a particle of truth in the charge. After quoting the law of 1877 appropriating money to pay the salary of the Library Clerk for the previous years, he says: "Let it be remembered that at the date of this enactment, and at no time prior thereto, was there any such officer known to the law as 'Library Clerk.'"

Now if Democrat will take the trouble to look at Section 2798, Compiled Laws, he will see that as early as May 11, 1867, "The Secretary of State is hereby authorized to employ a clerk in the State Library and Adjutant-General's office," and the next section fixes the salary at \$150 per month. Under this authority Mr. Noteware appointed the Library Clerk till January, 1871, when J. D. Minor continued to make the appointments till 1877, when the power was taken from him by the Legislature and vested in the Supreme Court Judges. Hence Governor Adams never had the legal authority, as ex-officio Librarian or otherwise, to appoint a clerk of the library, and, as a matter of fact, never did appoint one.

But why did the Legislature omit the appropriation for library clerk in the General Appropriation bill of 1875 and thereby make the special appropriation necessary in 1877?

This involves a bit of political history well worth recalling. It will be recollected that in the canvass of 1874 Sharon, who was then a candidate for United States Senator, undertook to bulldoze the people of Churchill county by colonizing some 30 voters therein. The Democrats resisted by every means in their power this infamous scheme, the election registers resigning rather than register those purchased political bums. By this manly act the people of that county elected members of the Legislature representing the sentiments of a majority of the unpurchasable voters, who were, of course, opposed to Sharon. When the Legislature met the political strikers of King William, in and out of both Houses, felt indignant that the honest people of Churchill county would not submit to be robbed of their political rights, and went to work at once to punish them by abolishing their county. So they introduced a bill to wipe out Churchill and divide its territory among adjoining counties.

At this session Mr. Adams was the Acting Governor, Bradley having gone to California for medical treatment on account of a severe stroke of paralysis. The above-mentioned bill was not passed till within five days of the end of the session, and hence it was necessary to present it to the Governor that day or he could hold it over till the next session. When the Senate adjourned that afternoon the bill was not signed and enrolled, and they determined to hold a night session to perfect and present it. About 9 o'clock P. M. the bill was signed and ready for presentation, and a committee was appointed to hand it to the Governor. The committee soon reported that they found the Governor's office locked and the light out. The Senate knowing that they had the power to pass the bill over the Governor's veto and that if it was not presented that night, he could not hold it over, instructed their committee to hunt Governor Adams up and present it wherever they could find him.

The committee struck out in the dark and having ascertained that Jewett was attending a social party at the residence of Colonel Ellis they rushed to that point, called him out and presented the bill. Governor Adams informed the committee that he was in the habit of doing official business at the Executive office in the Capitol, where he would be happy to meet them during official hours on the next day and receive any communications they wished to present, but he must decline to perform official business during the dead of night upon the streets of Carson.

Again the committee returned to the Senate for instructions. They were then told to throw the bill into the Governor's office through the transom, which they gallantly did. The Governor finding it there the next morning pocketed it till after the final adjournment.

The foiled followers of King William fairly boiled over with rage. The thought that the Acting Governor of Nevada would not fall upon his knees and do the bidding of the minions of their King could not be tolerated for one moment. He should be punished, say severely punished. What should they do? They recollected that the Appropriation bill contained \$3,600 to pay the salary of the Library clerk and that J. D. Minor at the request of Governor Adams had kindly appointed Adams' friend, Bart Mitchell, to that position.

Ah, they had him now! The Senate recalled the Appropriation bill from the House and indignantly struck out the clerk's salary, that had been paid regularly for nine years. Governor Adams should not only perform the duties of Lieutenant Governor on his salary as such, but should also discharge the duties of Governor, Adjutant General, Librarian and Clerk of the Library besides.

But this punishment was not enough. So they passed a bill requiring the Governor to keep his office open every night till 10 o'clock during the sessions of the Legislature. Of course Jewett pocketed this bill as he did the Churchill bill. If anyone doubts Jewett W. Adams' backbone and manhood to execute the duties of the Executive office and protect the interests of the people, he

should have been in Carson during the last week of the session of 1875.

By the time the next Legislature met, the Republican holdover Senators felt heartily ashamed of their former conduct and very sensibly sustained the vetoes of both the Churchill and Office-hour bills, and readily passed a bill to pay the salary of the Library Clerk, which in their anger they had stricken from the Appropriation bill, the session before.

AN OSMY DEMOCRAT.

CARSON, May 4.

ANTI-MONOPOLY PARTY.

The following petition for an Anti-Monopoly State Convention is now being circulated in California:

We, the undersigned, citizens and voters of the State of California, desire that a State Convention shall be held, the time and place to be announced when five thousand signatures have been secured to this petition. Said Convention to be composed of four members from each county in the State having fifty thousand inhabitants or less, and in other counties, one member for each twenty-five thousand inhabitants in excess of fifty thousand, to be chosen by the voters of each county who affirm as follows:

That the two old political parties, having failed to represent the interests of the people, have forfeited public confidence, thus making necessary the establishment of a new political organization, pledged:

1. To control by law and bring into subjection to the interests of the people, all corporations and monopolies which have corrupted our politics, and by combination and extortion have established absolute dominion over transportation over land, over money, and over labor.

2. To denounce the refusal of the general government to protect our free laborers against the invasion of the servile Chinese, and to affirm the ultimate right of our people to protect themselves against the heathen hordes threatening to destroy our civil and religious institutions and bring our laboring classes into bondage.

3. To reduce to a minimum our taxes and expenditures; to force all corporations, like all individuals, to pay all taxes levied against them.

4. To provide a maximum of reduced fares and freights, and to pledge nominees of the Railroad Commission to its immediate adoption.

5. To punish with impeachment, fine, imprisonment and disfranchisement every public officer guilty of malfeasance or any betrayal of the people's trust.

6. To restore the issue of money, and the control of the volume in circulation to the Government exclusively, to which these functions belong.

7. To secure a more direct and positive expression of the sovereign will of the people in the choice and election of officers and legislation, in administration and in all matters pertaining to government.

The case of McKelvey vs. Crockett is still on trial in the District Court. The entire day yesterday was consumed in arguing a motion for a non-suit made by the defense.

The Congregational Sunday School, will give a picnic ere long, provided there is a continuance of this pleasant weather. The "first of the season" will be hailed with delight by all the children.

The Good Templars.

The Right Worthy Grand Lodge, I. O. G. T., of the United States, will hold its 28th annual session at Charleston, South Carolina, commencing on the 23d instant. There are 50 Grand Lodges in the United States and Territories, and nearly every civilized country on the globe has either Grand or Subordinate Lodges within its borders.

A Change.

The ladies of the Woman's Christian Union are hunting for a suitable place in which to have their meetings and library. The Reform Club has donated all of its property to them. Entertainments will be given occasionally, and when given will be in one of the churches. The ladies will not retain Reform Club Hall, and desire a less expensive room.

Not So Foolish.

The Virginia Chronicle peremptorily orders Captain Matt Canavan to withdraw from the gubernatorial contest in Nevada. Perhaps, when Matt is elected Governor, he will retaliate by issuing a proclamation ordering the Chronicle to suspend publication. No he won't either; for, come to think of it, he has too much sense to perpetrate an act which would be nearly as ridiculous and dampfoolish as that of the self-appointed dictator of the sage brush Democracy.—Ogden Pilot.

The above was written by Mr. John H. Dennis, one of the war-horses of the party. Mr. Dennis is the same individual who gave McEwen a few blisters in the Tuscarora Times-Review a couple of years ago.

Strawberry Festival.

The ladies of the M. E. Church propose giving a literary entertainment and strawberry festival at their church parlors this (Friday) evening commencing at 7:30 o'clock. They will also have in connection with the strawberries, cream and ice cream, and they propose making it pleasant to every one that will call on them, and they extend a cordial invitation to all to go and see the good things they have, and everybody can have their choice. Following is the programme:

Duet Flora and Jessie Finlayson
Reading Miss Bonnie Waggoner
Song {Mrs. McRae, Miss Loomis and Mr. Davis.
Recitation T. F. Laycock
Solo Mrs. H. Cuffin
Recitation Ruel Waggoner
Solo Leona Ranous
Ice cream for 25 cents a dish. Admission to entertainment free.

THE LEAGUE OF DELIVERANCE.

Organization of a Branch in Virginia City—The "Danger Clause" Discussed.

The Virginia Branch of the Pacific Coast League of Deliverance was organized at Miners' Union Hall Wednesday evening. The Virginia Chronicle gives the following proceedings of the meeting:

The following officers were elected: President, J. A. Pomeroy; Vice-President, B. G. Worawick; Secretary, J. Shannon; Treasurer, P. Macnamara; Sergeant-at-Arms, D. McMurtry. Brief speeches of a temperate character were made by several members of the League. It was held that the newspapers had not dealt justly with them, as in their criticisms one important point was overlooked. It is, that although the "danger clause" of the plan of action may be enforced, it could not be unless by direction of a majority of the League. This, therefore, should not deter people who are in favor of the movement from joining the League; but they ought to join so that if objectionable action should be proposed it could be voted down. It was announced that the "danger clause" of the plan does not apply in Nevada, anyway, and steps will be taken to have it removed from the fundamental law of the organization so far as this State is concerned. The statement made by the Enterprise that the organization is rendered useless by the passage and signing of the new Anti-Chinese bill was combated. It is desirable not only to prevent other Chinamen from coming, but to compel those already here to leave. This was to be accomplished by peaceful means—nothing worse than refusing to patronize them being contemplated. By this way of doing a double good would be accomplished—the white laborers in our midst would be benefited by having remunerative employment offered them, and the community would be rid of the Chinese, with their filthy houses and demoralizing, degrading habits. The following committee was appointed, in conjunction with the Executive Committee of the League, to modify the plan of action and draft an address to the public: A. F. Mackay, Denis Nevin and W. A. McIntosh.

Nevada Copper Prospects.

The Enterprise says:

However good the copper prospects may be in the sections of Pennsylvania referred to, we are confident that we have much better here in Nevada in scores of places. Here we have the richest ore on the very surface. Out in the Walker Lake region there are whole hills that are covered with masses of copper ore, with nothing for the miner to do but gather and smelt it. In one of these mines, almost at the surface, is a bed of pure bluestone (sulphate of copper) twelve feet thick.

Although this would in many regions be considered good enough without looking further, still at this same mine they pass it by because there are in the mine ores that are much richer.

Out in Peavine District, at no great distance from Reno and the Central Pacific Railroad, there are veins of copper that are exceedingly rich, and which also carry a valuable per cent. of gold and silver.

About Pyramid lake are also immensely rich copper mines. Many other points might be mentioned. Should experienced copper miners from the East visit our State, we would be able to show them any number of copper mines of the richest character.

Literary and Dramatic Club.

The young folks in town have started a literary club which bids fair to become a permanent institution. The membership already comprises a large number of our most talented ladies and gentlemen. The meetings are to be held at private houses, admittance being accorded to members only. The committees having charge of the exercises intend to have an interesting and instructive programme provided for each meeting. We hope this effort will be successful.

Not So.

The Gazette learns that the bill for extras for the Insane Asylum building has reached the Board of Examiners in the sum of \$4,271.55.

Besides this bill the Board allowed \$1,748.50 for other little items.—Gazette.

The Gazette is mistaken. The Board of Commissioners first allowed the sum of \$1,748.50, and then \$1,800 additional. But no bill of \$4,271.55 was ever allowed.

The S. F. Report says:

There is a big boom coming in Reno when the new Insane Asylum opens. The Reno people are endeavoring to have all the people of Carson sent to the institution as inmates.

AYER'S HAIR VIGOR

FOR RESTORING GRAY HAIR

To its Natural Vitality and color.

Advancing years, sickness, care, disappointment, and hereditary predisposition all turn the hair gray, and either of them incline it to shed prematurely.

Ayer's Hair Vigor, by long and extensive use, has proven that it stops the falling of the hair immediately; often renews the growth; and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair and its beauty. Thus brassy, weak or sickly hair becomes glossy, pliable and strengthened; lost hair regrows with lively expression; falling hair is checked and established; thin hair thickens; and faded or gray hairs resume their original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible.

As a dressing for ladies' hair, the Vigor is praised for its grateful and agreeable perfume and valued for the soft lustre and richness of tone it imparts.
